

INDEPENDENT ACCOUNTANTS' REPORT ON AGREED-UPON  
PROCEDURES APPLIED TO APPROPRIATIONS LIMIT WORKSHEETS

To the Honorable Mayor and Members of the City Council  
City of Orange, California

We have performed the procedures enumerated below to the accompanying Appropriations Limit Worksheet No. 6 (or other alternative computation) of the City of Orange, California (the City), for the year ended June 30, 2015. These procedures, which were agreed to by the City, and the League of California Cities (as presented in the publication entitled Agreed-Upon Procedures Applied to the Appropriations Limitation Prescribed by Article XIII-B of the California Constitution), were performed solely to assist the City, in meeting the requirements of Section 1.5 of Article XIII-B of the California Constitution. The City's management is responsible for the Appropriations Limit Worksheet No. 6 (or other alternative computation).

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below, either for the purpose for which this report has been requested or for any other purpose.

The procedures performed and our findings were as follows:

1. We obtained the completed Worksheets No. 1 through No. 7 (or other alternative computations) and compared the limit and annual adjustment factors included in those worksheets to the limit and annual adjustment factors that were adopted by resolution of the City Council. We also compared the population and inflation options included in the aforementioned worksheets to those that were selected by a recorded vote of the City Council.

**Finding:** No exceptions were noted as a result of our procedures.

2. For the accompanying Appropriations Limit Worksheet No. 6, we multiplied line A, last year's limit, by line D, ratio of change, and agreed the resulting amount to line E, this year's limit.

**Finding:** No exceptions were noted as a result of our procedures.

3. We compared the current year information presented in the accompanying Appropriations Limit Worksheet No. 6 to the other worksheets described in No. 1 above.

**Finding:** No exceptions were noted as a result of our procedures.

4. We compared the prior year appropriations limit presented in the accompanying Appropriations Limit Worksheet No. 6 to the prior year appropriations limit adopted by the City Council for the prior year.

**Finding:** No exceptions were noted as a result of our procedures.

To the Honorable Mayor and Members of the City Council  
City of Orange, California

We were not engaged to and did not perform an audit, the objective of which would be the expression of an opinion on the accompanying Appropriations Limit Worksheet No. 6 (or other alternative computation). Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you. No procedures have been performed with respect to the determination of the appropriation limit for the base year, as defined by the League publication entitled Article XIII B Appropriations Limitation Uniform Guidelines.

This report is intended solely for the use of the City and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. However, this report is a matter of public record and its distribution is not limited.
