The City Council of the City of Orange is submitting the above measure to the voters for consideration at the November 5, 2024, General Municipal Election. If adopted, the measure would amend the Orange Municipal Code to add Chapter 3.23 which, in part, creates a one-half percent (0.5%) transactions and use tax locally, in the City of Orange. A transactions and use tax is commonly known as a “sales tax” and is applied to purchases of goods. The sales tax does not apply to food purchased as groceries, prescription medication, housing, or personal services including medical, legal, or dental services. Out-of-town shoppers visiting Orange will also pay the sales tax. The measure requires the City Council to appoint an Independent Citizens’ Advisory Committee to review and report on the revenue and expenditure from funds raised by the measure.
